

Jake Bell Hired As PCCC Assistant Golf Professional

Jake Bell was recently hired as the Assistant Golf Professional at the Ponca City Country Club. He will be working closely with Head Golf Professional Bruce Maddux and Golf Shop Manager Pixie Rowland.

Jake grew up in Ponca City and is the son of Dick Bell. He graduated from Ponca City High School in 2006. Jake put a golf club in his hands for the first time when he was only 4 years old and has been devoted to the game ever since.

He recently spent 9 months at the Golf Academy of America in Myrtle Beach, South Carolina. While there he received training in all aspects of golf complex operations and management. Jake's goal is to continue taking the required golf classes and tests to become a certified P.G.A. Club Golf Professional in another 3 years.

"I am excited to be back in Ponca and to be given the opportunity of working at the Ponca City Country Club. I have really enjoyed teaching the kids in the PCCC Junior Golf Program this summer," Jake said. "Club members that would like to have private golf lessons can give me a call in the Golf Shop."
